DecoLine Program:

New geometry with sensational chip control capabilities

To our valued Denitool partners

We are happy to announce a new peripheral ground & highly polished insert with excellent chip control features:

CCGT 09T30R FN-18M **R = .0079" / .0157"**

Example:
Material: 1.4435
Vc= 460 ft/min
Coolant: Emulsion

Cutting depth: .0157 – .1181 inch
Feed rate: .0020 – .0055 inch/rev.

This new insert introduces excellent chip control for Swiss-type machines as well as for internal machining.
